For Rim Road

Rim Road is to be paved at long last.

Residents of the area in the northeast part of the county served by the road have been urging the paving of a 7-mile stretch of road for the past five years. Decision to pave the road came Monday at a meeting of Randall County Commissioners Court.

Six miles of the road lies in Randall County and about a mile in Armstrong County.

Rim Road is an extension of Pullman Road running along the northeast rim of Palo Duro Canyon. The new pavement will link the paved portion of Pullman to pavement in Armstrong County.

Chili Smith, district Highway Department engineer, said cost of the work will run to about \$155,000. However, donation of dirt for fill across lakes will lessen the cost somewhat.

Randall County Commissioner B. R. Jones said adjacent property owners have agreed to donation of dirt free of charge. Needed right of way also was donated, he said.

Smith said Rim Road could be paved out of Farm To Market Road money provided by the state. He noted that FM roads will be improved on alternating years in Panhandle counties with money being spent in half the counties one year and in the remainder the next.

He said money will be available on a basis of about \$90,000

per county this year. However, he noted, a little more may be spent in some counties and a little less in others in proportion to the need.

Commissioner Jones, in whose precinct Rim Road is located, made a motion that Randall County's FM money this year be spent in improvement of Rim Road. The motion was seconded by Bill Butler and received a unanimous vote.

Smith said the State Highway Department would accept maintenance of five miles of paved county road in Precinct 2.

Plans for paving Rim Road will be presented to the Texas

Biggest
Catch Is
Reported

Three Canyon fishermen had an unusual catch on their recent trip to Lake El Novillio, about 100 miles east of El Paso, Mex.

The "catch" was the fourth member of the expedition, Bud Parker, who was accidentally snared with a hook in the nostril by Bill Wilson. Although Parker describes Dr. W. J. Wooten, Jr. as a "tooth puller and not a hook puller", the Canyon dentist and Wesley Cox aided Parker in his plight.

Otherwise, fishing for large mouth bass was described by the men as excellent.

First Building In Use
By Mid-Summer

Polk Street Methodist Church of Amarillo has announced plans to develop just north of Canyon a church camp which will cost upwards of \$750,000 by the time it is completed.

The announcement came as a result of Polk Street's efforts to secure Canyon city water for the camp. Request of the church was conditionally granted at a regular meeting of Canyon city commission Monday night.

Bob Davis, Polk Street business manager, said the 32 acre camp site was donated by Mr. and Mrs. Tol Ware and Mr. and Mrs. Stanley Blackburn of Amarillo.

The site is located across the Hereford Highway north of Canyon Drive-in Theater.

Davis said the first building will be erected on the site in the immediate future and is scheduled to be ready for use this summer. Plans already have been prepared by John Work and Rex Daniel, Amarillo architects. Davis said it will cost about \$100,000.

Next to be constructed are swimming pool, dormitories and a caretaker's cottage. Davis said development will span a 10 to 15-year period.

Future plans call for development of a two to three-acre lake and construction of a dormitory with suites for use by families. He said plans call for building three or four dormitories to house as many as 300 overnight guests. Kitchen facilities will be designed to accommodate 350 people.

A chapel also will be constructed to serve the needs of the guests.

City commissioners voted to

supply city water to the camp under specified conditions. The camp must pay regular rates for the water, which will come from an 18-inch line running from the city water field, plus a 20 percent surcharge. The city of Canyon is not to be responsible for low water pressure and reserves the right to inspect camp water lines at any time.

Contest

Canyon Chamber of Commerce board of directors Monday night voted to participate in "Operation Sparkle," sponsored by the West Texas Chamber.

Operation Sparkle is described as a broad two-year program of community improvement aimed at attracting visitors and influencing them to stop and visit and stay longer.

Winners will be determined by scrapbooks submitted by participating cities. Awards will be presented to winning cities.

Members of the board voted to provide \$250 for support of the annual coaching clinic at West Texas State University.

Board members also voted to take the lead in, organize and conduct the annual Randall County Roundup and Old Settlers Reunion this year. The celebration will be held in mid-

Schools Host Parents
During Special Week

"Mommy, will you visit my class?"

"Dad, will you come to my school?"

An invitation is extended to all parents and patrons of the Canyon Public Schools to visit classes in progress during Texas Public School Week, March 7-11.

Students and teachers will serve as hosts for the annual parental trek to school and will also present a number of special programs and meetings throughout the week in each of the local public schools according to James E. Miller and Ocoee Holt, planning co-chairmen.

"Democracy In Action" will be the theme for Texas Public School Week in the four schools, Canyon High School, Canyon

Junior High, Rex Reeves Elementary, and Gene Howe Elementary.

Objectives of the local Public Education Committee are "to encourage the people living in our district to visit our schools and become better acquainted with the teachers and students and their problems and the way that they affect our community."

"We want to promote a keen public interest in support of a strong educational program," said Miller, committee chairman.

Among events planned for the week are an open house observance at each of the schools on Monday and Tuesday evening, March 7-8, Rex Reeves Elementary and Gene Howe Elementary in North Randall

County will each hold open house Monday evening from 7:30 until 9 p.m.

Regents OK
New Degree

Approval to request the Coordinating Board for Higher Education for a new degree, Bachelor of Technology with a major in electronics technology was granted West Texas State University Friday by the Board of Regents of Texas State Senior Colleges.

The new degree would be administered through the department of industrial education, President James P. Cornette said.

In other action, the board granted WTSU permission to advertise for bids for the construction of a 670-space parking lot on the north end of the campus off Spur 48. The lot will be landscaped and paved at an estimated cost of \$32,000. Located on the plot north of the old stadium area, the lot would be virtually permanent, since no buildings are planned in the space in the immediate future. A contract for the paving is planned for submission to the board in May.

A contract with Page & Wirtz Construction Company of Amarillo was approved for \$585,966 for the construction of the four-story addition to the Panhandle-Plains Historical Museum.

Site for a water tower for the city of Canyon was also approved on university land near the T-Anchor Rodeo Arena. Approximately two-thirds of an acre would be used (See REGENTS, Page 5)

Soybeans Promoted
As Food For Freedom

Farmers taking part in the 1966 feed grain program now will be able to plant soybeans on acreage intended for production of feed grains under the program and still receive the price-support payments they would have earned if feed grains had been planted.

Donald F. Lloyd, Office Manager, Agricultural Stabilization and Conservation Service, said this week, that the program modification carries out President Johnson's directive, announced in his recent Food for Freedom message to the Congress pointing to the desirability of increased production of soybeans.

The action highlights the flexibility of the Food and Agriculture Act of 1965, which authorizes the Secretary of Agriculture to take such action.

He said while supplies of feed grains are more than adequate to meet foreseeable needs, domestic and export demand for

soybeans has been increasing substantially each year since 1960.

Under the feed grain program, participants who divert at least 20 percent of their feed grain base acreage to conserving uses may earn price-support payments.

These payments are based on the projected yield on up to 50 percent of their base acreage times the rate applicable to the crop planted. The rates are 30 cents per bushel for corn, 20 cents per bushel for barley, and 53 cents per hundredweight for grain sorghums.

A producer now may devote to soybeans the acreage intended under the program to be planted to feed grains—or he may plant any combination of soybeans and feed grains on the acreage—and still qualify for as many acres for price-support payment as when devoting all such acreage only

to feed grains.

For example, an individual producer (with a 100-acre feed grain base) who wishes to plant soybeans on intended feed grain acreage without loss of feed grain price-support payments may: (1) Divert the minimum 20 acres, plant 30 acres to soybeans, and plant 50 acres to feed grains; (2) divert 30 acres, plant 35 acres to feed grains, and plant 35 acres to soybeans; (3) divert 50 acres, and plant 50 acres to soybeans; or (4) divert 20 acres, an plant 80 acres to soybeans.

The action taken to encourage soybean plantings makes no change in the diversion provisions of the program Lloyd reported.

No provision is made for planting soybeans on diverted acres since legislation does not list soybeans as one of the so-called "substitute" crops under the feed grain program.

Mrs. Haley
Heads AFS

Mrs. Jack Haley was appointed temporary chairman of the Canyon chapter of the American Field Service at a recent re-organizational meeting.

A student from Holland stayed in the Haley home a few years back.

Purpose of the organization is to bring to a community one senior foreign student each school year. The student will be placed in the home of a Canyon High School student.

Mrs. Haley said she plans to call all presidents of Canyon service organizations to solicit support for the project.

Present at the recent meeting was H. R. King, Hobart McDonald, Mr. and Mrs. E. E. Plank, Mrs. Charles Nester, who has had a foreign student from AFS in her home, and two representatives of the CHS student council.

Mrs. Le Roy Van of Hereford, secretary of AFS for this region, discussed the program with those present.

FROM THE CANYON RIM

I was told this week that the state board of education under the auspices of which West Texas State Normal School operated back in 1910 gave normal school officials a wide range of discretionary power. School officials were charged with responsibility for the physical, mental and religious well being of students "both day and night."

This was a big order for a school administrator even in those days.

I have watched development of the Darrell Aldridge case with mixed emotions. District Judge Gene Jordan last week ordered reinstatement of the Lamesa junior, who was expelled Feb. 3.

Aldridge resorted to the courts when he had exhausted avenues of appeal at the university. It is good that any citizen have some place to go for relief when he believes he has been wronged.

Pancake Sale Is Planned

"Pancake Day" for the Canyon Kiwanis Club will be held Saturday, March 12, at the Rex Reeves Elementary School cafeteria according to an announcement by Russell Altmiller, president.

The annual event will be staged from 6 a.m. until 8 p.m. and will include a menu of pancakes and sausage. Tickets are currently selling at \$1 for adults and 50 cents for students and college students.

Selling tickets throughout the area are members of the Canyon Kiwanis Club, members of the Circle K Club at West Texas State University and the senior class of Canyon High School. Proceeds from the affair are used by the Kiwanis Club to support community activities throughout the year.

University officials have declared intention to go all the way to the supreme court of Texas, if necessary, in an effort to overturn Judge Jordan's decision.

Here again we see people--in this case university officials--with some place to go when they felt a wrong decision was made. In going to the higher court, they are doing just what Aldridge did when he went to court in the first place. By the time the case is sifted through appeals courts, a correct decision should emerge.

If Judge Jordan is correct in his assessment of university regulations and policies, then those policies and regulations must be rewritten to conform.

I realize that university officials must have fairly broad discretionary powers. At the same time, I agree with Judge Jordan that there must be certain minimum standards of fairness in dealing with any group of people.

I do not agree with any system which gives one human being near absolute power over the fate and future of another human being.

Such power makes work of the governing easier but it can reduce the governed to a state of servility in which they seek accommodation rather than justice.

One of the most surprising things to me about the Aldridge case was the fact that there was no place to appeal short of the courts.

I do not think any disciplinary committee chosen by university officials from the ranks of university employees can fulfill an appellate function.

As a comparison, I do not believe that a plaintiff bringing libel action against The Canyon News would be satisfied with a jury made up of Canyon News reporters with The Canyon News publisher serving as foreman.

I think there should be some type of board before which such cases as the Aldridge case could be reviewed. The board should be composed of responsible people from various parts of the state, people who have no direct connection with any institution of higher learning. If at all possible, one member of the review board should have had bench experience.

The board could take an impersonal look at such cases unhampered by emotional play which must sometimes color the decisions of harassed university officials who on occasion may find themselves walking too close to the forest.

When I said I viewed the Aldridge case with mixed emotions, I was referring to its effect on discipline in general at the university. Dean Paige Carruth last week expressed anxiety that Judge Jordan's ruling might adversely affect discipline.

I hope this does not prove to be the case. The overwhelming majority of students at West Texas State have paid hard-earned money for the opportunity to get an education. Getting their money's worth is serious business with them.

In any event, the Aldridge case undoubtedly will bring a reassessment of rules under which a large segment of Canyon's population--WT students--live. A closer look now and then is a good thing for any undertaking.

Clearer cut guidelines might well result in better discipline, giving those charged with its enforcement firmer ground on which to stand.

If the high court overturns Judge Jordan, then present regulations of the university will rise above the status of mere rules for the courts of Texas will have cloaked them with the mantle of law itself.

Peace Corp Group Sets WT Visit

Four members of the Peace Corps will be at West Texas State University Monday through Saturday to explain purposes of the corps and to administer non-competitive placement tests to interested students.

The group will occupy two rooms in the Student Union Building. One will be used for testing purposes and the second room will be used to show color films taken in various parts of the world where the corps volunteers carry on their functions.

Also on the agenda for the team will be meetings in classes and talks to Greek organizations on the campus.

The Peace Corps celebrated its 6th anniversary Tuesday.

Month Roars In

March came in Tuesday like the proverbial "lion"--a very dry and windy lion.

Very little moisture fell last month, with only .32 recorded for the entire 28-day period, according to Dr. M. B. Measamer, head of the West Texas State University geography department, who compiles weather information here.

Final week in February yielded the largest amount with .26 recorded Sunday. High for the week was Tuesday, with a recording of 67. Low was 19, according to Dr. Measamer.

Eagles Drop Regional To Andrews Ponies

By ART ALBRACHT

The Canyon High Eagles, who won the Class AA state crown in 1964, fell to the Andrews Mustangs in the first round of the regional Class AAA tourney in Lubbock last Thursday.

Andrews, with a brilliant press and a pair of extremely fast guards, wrecked the Canyon hopes by a 79-61 count before 2,000 fans in the Lubbock Municipal Coliseum. Despite the defeat, Rick Bacon and Tom Lair turned in fine offensive games, refusing to give up with strong second half shooting.

Bacon, the 6-6 center who was the big man on the boards for Canyon this season, tallied 16 of his 22 points in the last half. Lair, a 6-foot senior guard, did even better ramming in 18 of his game leading points in the final half. Andrews, led by guards Arthur Collins and Hiram Hubert, won the right to represent this area's Class 3A teams at the state tourney this weekend, by nipping Coleman 69-68 Saturday, in the finals.

In less than three minutes of play in the opening quarter, Andrews moved to a quick 6-0 lead over the Eagles. Using its sticking press, the Mustangs spurred to a big 18-5 margin with 2:37 left in the quarter.

Despite nine points by Collins during the spurt, the Eagles recovered to pull within 10 points at 20-10 by the end of the first quarter. Again the Mustangs' tough press tore up the Eagle offense, as Andrews exploded with 10 straight points to open the second quarter.

The offensive streak pushed Andrews into a 30-10 advantage with four minutes left in the opening half. Coach Tom Buchanan, who coached the Eagles to the IAAA district championship in this his first season, then called his cagers into a press.

Canyon had success with the press but failed to cut the margin by more than 18 at intermission.

Entering the last half, the Mustangs sported a 36-18 lead and in the first five minutes of the third quarter, Andrews increased the margin to 21 points. With Andrews ahead 46-25 with 2:52 left in the third quarter, the Eagles began a mild comeback. Led by Bacon and Lair, Canyon bucketed eight points while Andrews could manage only two markers. The comeback brought the Eagles within 15 points at 48-33 with only seconds left in the third stanza.

Canyon cut loose with a flurry of points in the last quarter, only to fall short as the Mustangs stayed right with the Eagles, offensively. The Eagles

Miss Larson Gets Award

Miss Lynne Larson, music education major from West Texas State University, was presented a Walter Grieseking recording as her award as "top concert salesman among students." The award, given for selling the most season tickets to the Canyon Community Concert series, was presented by Mrs. Glenn Dowlen, CCA president, Friday at a concert program.

She is the daughter of Mr. and Mrs. E. J. Larson of Canyon and a member of Mu Phi Epsilon, professional music sorority, and Sigma Tau Delta, honorary English fraternity.

bagged 25 points in the final stanza in a vain attempt to catch the Mustangs.

When the final buzzer sounded, Andrews boosted itself into the regional finals against Coleman, while the Eagles could only admit that the season had ended.

Canyon finished the season with a 19-9 mark, including the district championship of IAAA. The Eagles shot a cold 35.4 per cent from the floor, hitting 23 of 65 in losing to the Mustangs. Led by Bacon, who grabbed 10 rebounds, Canyon outrebounded the Andrews quintet 32-31. The Mustangs shot at a field goal consistency of 46.7 canning 28 of 60 attempts.

Apparently, the game was decided on defense where Andrews consistently stole the ball from Canyon, and then moved for easy shots. Collins and Hubert, the smooth working backcourt pair of Andrews, led the Mustangs in scoring with 17 points apiece.

James Evans, the 6-0 Canyon guard, was held scoreless in the contest by the tough Andrews defense. Mark Lair, who averaged 15.2 points in district action, was held to only a pair of markers. Joe Moore, the Eagles line 6-3 forward,

Second "string" members were Chris Dyerley, Perryton; Bill Dawson, Tulla; Billy McVickers, Dumas, and Joe Putnam, Muleshoe.

Carl Ayers' request for water from the Umbarger line for a residence and business just west of the city limits was tabled until further information can be obtained.

City commissioners took no action on a request that Canyon city dump ground be made available for use by Mesalero Park, a housing development north of Canyon. This matter is to be discussed with Randall County commissioners court in an effort to arrive at some agreement for use of the dump ground by all county residents.

Henry Newkirk, representative of a trash disposal machinery company, discussed possible purchase by the city of changing from Dempster Dumpster trash collecting receptacles to an overhead lift packer system which his company manufactures.

City officials believe use of such a system would result in a large saving to the city on handling of trash collection.

The board also approved a number of title changes for the organizational structure of WTSU.

Under the new arrangement, there would be an academic vice president, a financial vice president, and a vice president for program development, research, and public services. The new titles and organization will be effective in the fall semester, 1966, Dr. Cornette said.

The new Bachelor of Technology in Electronics Technology would require 136 semester hours. New courses will be requested in such fields as direct and alternating current circuits, electrical and electronic drafting, vacuum tubes and transistors.

Dr. Cornette said the Darrell Aldridge case was not discussed by the board in session. Aldridge won a writ of mandamus in district court here last week forcing his reinstatement in West Texas State University.

He was as Dr. Cornette put it, temporarily suspended Feb. 3. He was reinstated on a court order from Judge Gene Jordan. Judge Jordan's decision is being appealed.

Bufs Bow To HSU In Season Finale

By ART ALBRACHT

A disastrous season ended on a sour note for the West Texas State University Buffs Tuesday night as the gallant Herd fell to a great Hardin-Simmons team in overtime 104-94.

The loss was the 17th in 23 outings for the Herd, and was one of the toughest defeats to swallow, as the Buffs battled from 14 points behind to knot the contest at 90-90. The 14 point deficit was in the late stages of the first half, however; the WTSU quintet trailed

by as much as 11 points late in the last stanza.

By virtue of the victory, the H-SU Cowboys chalked up their 20th win of the season against only six losses. Coach Lou Henson and his chargers are now hoping for a bid to the National Invitational Tournament in New York City next week. The Cowboys 20-6 mark gives the Abilene University the best record of any other Texas major colleges, excepting second ranked Texas Western.

A "Science Fair" will be held in the small gymnasium at the Junior High on March 8. Exhibit judging will begin at 3:30 p.m. and the exhibits will remain on display throughout the open house Tuesday night.

Student talks over the school's public address system will highlight the observance at Canyon High School. Mrs. Margaret Foster will serve as director for the student talks on "Democracy in Action".

High school radio programs will be given by Rex Manley, speech, and Gene Murray, choir. A general assembly will also be held during the school week observance. The Eagle's Tale, high school publication, will give recognition to the topic of the observance.

Among other activities, local women's study clubs, P-TA organizations and service clubs have been requested to give appropriate recognition to the school week.

Churches have been requested to make announcements of the public school week in their church bulletins and display cards and school exhibits have been placed in windows of local businesses throughout the district.

the uniform of the maroon and white, when he split the net on a beautiful 30 foot shot.

The final two-pointer by Simpson gave the great senior guard 663 career points, placing him in a tie for the 16th position on the all time WTSU career scoring list.

Simpson rammed in 26 markers to lead both teams in that department while 5-9 senior, Joe McWilliams, tallied 25 big points. McWilliams turned in a tremendous performance, often leaping high to block shots, rebound or lay in the ball. Taylor bowed out with nine points and 12 rebounds, as the 6-7 center also is a senior.

Hardin-Simmons lead 56-49 at halftime, after holding a 14 point margin with 10 minutes left in the first stanza. The Buffs held a 21-19 edge with 13:07 left but the Cowboys dynamited to a 12 point lead, scoring 14 straight points. With a brilliant team effort, the Herd cut the deficit to only seven at intermission.

Both teams burned the basket in the early stages on the final half, trading points with uncanny

consistency. Finally, the Herd began to gain on the Cowboys and tied the contest at 71-71 with 11:20 remaining. WTSU battled from an 11 point deficit moments earlier to tie the battle.

H-SU shot with an unbelievable field goal accuracy of 56.3 per cent while the Buffs were almost as sensational with a mark of 54.7. The Cowboys held a 44-40 rebounding edge while the Herd led from the free throw line, hitting 24 charity tosses to only 14 for Hardin-Simmons.

WTSU dropped its second game of the season to Texas Western Feb. 24 in a thrilling contest before 3,700 people in Buffalo Field House.

The Miners demonstrated exactly why they are ranked as the second best college quintet in the land, parlaying a ferocious defense and spectacular offense into a 78-64 victory.

WTSU battled right with the talented Miners for 30 minutes of the 40 minute contest. With nine minutes left in the pressure-packed fracas, TWC led by only five points but that was before Dave "Daddy D" Lattin began to dominate the basket

offensively and defensively. Brilliant backcourt performer, Bobby Joe Hill, added a big assist with fantastic outside shooting as the Miners increased their advantage to seven, 11, 13 and finally 16 points.

WTSU then came back to life, as Simpson led the Herd to within 11 points only to have TWC come right back to grab the final 14 point difference.

Awards were presented by Fred Finke, assistant cubmaster to David Finke, Ron Louie Webb, bear; Burt Allen, gold and silver arrow points under bear; Brad Allen, gold and silver arrow points under wolf; Ralph Baker, silver arrow points under wolf; Mitchell Boyd, lion badge; and Randall Bagwell, gold and silver arrow points under wolf.

girl," smiled Mrs. Vars.

"I also enjoy being in the kitchen now since my husband's previous job included a lot of travel and eating out," said Mrs. Vars as she gave the following recipes:

CINNAMON LEAF RING
2 cup milk, scalded
2 pkg. granulated yeast
3/4 cup shortening
1/4 cup butter or margarine
1/2 cup sugar
2 tsp. salt
4 egg yolks (or two beaten eggs)

6 cups sifted flour

Cool milk to warm 110 degrees, sprinkle yeast over top and let soften.

Cream shortening and butter, add sugar and salt. Cream until light and fluffy. Add egg yolks, yeast-milk mixture and enough flour to make a soft dough. Knead until smooth and elastic on lightly floured cloth or board. Place in greased bowl and cover with cloth. Let rise until doubled about 1 hour.

Roll dough thin (1/4 inch) and cut into two inch rounds with biscuit cutter. Dip each round in melted butter or margarine (1 cup) and then in cinnamon sugar mixture (2 Tbsp. cinnamon to 2 cups sugar). Stand rounds in well buttered ring molds until rings are filled. Let rise until light (about 1/2 hour) and bake in moderate oven 350 degrees about 25 minutes. Cool slightly before turning out. Makes 20-25 servings. Rolls may also be made from left-over yeast dough.

CHOCOLATE ECLAIRS
1/2 cup butter
1 cup boiling water
1 cup flour
1/4 tsp. salt
4 eggs

Filling:
large box instant pudding
3 cups cold milk
1 cup whipped cream
Add butter to boiling water and stir to melt. Add flour and salt all at once. Cook, stirring vigorously, until mixture is smooth and forms soft ball that does not separate. It will leave sides of pan clean.

Cool mixture slightly. Add eggs, one at a time, beating well after each addition. Beat until mixture is smooth. Drop batter onto greased cookie sheet and shape into 1/2 inch by one inch by three inch eclairs. Smooth sides and top.

Bake in hot oven (400-450 degrees) for 15 minutes then reduce heat to 300 degrees for 25 minutes.

While eclairs are baking, prepare pudding mix according to directions using only 3 cups of milk. Place wax paper directly over top of pudding and place in refrigerator to set. Fold in whipped cream.

While eclairs are cooling prepare frosting of
1/4 cup milk
2 Tbsp butter
1/2 tsp. vanilla
2-1 oz squares of melted unsweetened chocolate
2 cups powdered sugar
Heat milk, butter, vanilla and chocolate. Add powdered sugar and mix until of spreading consistency.

Split eclairs lengthwise and fill with pudding. Ice top with frosting. Makes approximately one dozen eclairs.

BROCCOLI IN CHEESE
2-10 oz. pkg. of frozen broccoli (cooked and drained)
1 can cream of chicken soup
1 can cream of chicken soup
1/3 to 1/2 cup milk
1/2 cup shredded cheese
1/4 cup buttered bread crumbs
Place broccoli in shallow baking dish. Blend soup, milk and cheese. Pour over broccoli and top with crumbs. Bake at 350 degrees for 30 minutes. Makes 6-8 servings.

If the first part of your car registration number is here, you might be a winner.

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next week's list of new symbols in this newspaper.) No slogan to invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number. While you're in the showroom, get a good look at the Buick Special. The \$2332.00* happens to be its price. *Manufacturer's suggested retail price for Special V-6, 3-dr. coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge.

Contest Rules. Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Polk and Co., P.O. Box 1347, Detroit, Michigan 48231 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

Buick's \$1,000,000 Sweepstakes.

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

Horse Riding Cellist Enjoys Stopover Here

By LORENA MILLER

Miss Hamisa Dor was a houseguest of the Ed and Newton Harrell families several days last week.

Miss Dor, who plays cello with the Paul Kuentz Paris Chamber Orchestra, travelled to Canyon by plane from Las Vegas, Nevada where the orchestra performed prior to their performance for the Canyon Community Concert Series last Friday evening.

"I find Canyon and Texas to be very interesting," said Miss Dor, after her brief stay at the Harrell's ranch near Goodnight.

"This was my first opportunity to visit a real western ranch, and I have enjoyed it," commented Miss Dor with a smile. "I have ridden horses before but never on a ranch." Among her horse riding experiences, Miss Dor will recall a near "run-away" on a horse at the Harrell ranch.

"It scared the daylight out of me," said Miss Dor. "I lost the stirrups, and the reins but I held onto his neck until I was rescued."

"Later in the afternoon, I climbed back aboard the horse and rode for awhile just to regain my confidence in horses," smiled Miss Dor.

Miss Dor and Mrs. Newton Harrell met last summer while travelling by airplane between Rome and London.

"It is a brief flight, but we sat next to each other and got to talking and exchanged addresses," said Miss Dor. "Then when I found out that we were coming to Canyon on our tour we made arrangements so that I could visit with the Harrell families."

Of English parentage, Miss Dor has lived in Paris, France for quite awhile to be close to her profession, music. The Paris Chamber Orchestra arrived in Canyon at noon last Friday after an automobile trip through Arizona and New Mexico and a sightseeing stop at the Grand Canyon.

The group has been travelling in the United States for several months. The three month tour, which began in New York City, will conclude on the East Coast.

Also in the orchestra is the American born, violinist, Anka Moravek, a former Fulbright scholar now living in Paris. Miss Moravek and Miss Dor first met when the two did a tour with the Israeli Chamber Orchestra. Miss Moravek returns to Texas as she played

McBROOM
GARAGE

BY DR. TED MADSEN

The almost capacity crowd that gathered to hear the Paris Chamber Orchestra in concert last Friday night were treated to a musical feast expertly prepared by its master-chef Paul Kuentz, conductor of this fine organization.

First on the musical-menu was Concert de Symphonies in B flat major by Antonie Dauvergne. The fine ensemble and impeccable intonation was enough to whet the appetite of any musical gourmet. Three main courses were offered the listener allowing him to pick and choose a favorite as dictated by his individual taste. Adolf Scherbaum, world renowned trumpet player, showed his remarkable control and musicianship with two selections; Torelli's Concerto in D major and Sonata Quinta for trumpet and violoncello obbligato in D major by Giuseppe Iacchini. The Torelli concerto did not afford Mr. Scherbaum an opportunity to fully display his artistry. The trumpet part sounded as if it was a last minute idea of the composer hurriedly put down on paper without a great deal of thought. The Iacchini number was by far the more gratifying of the two.

Going somewhere? Or been? The Canyon News wants to know about it -- and so do its readers.

Never have I heard pianissimo entrances executed with more control.

I'm sorry to say I don't know the names of the other two soloists. The concert-mistress gave a well controlled, if not inspired, reading of Schubert's Adagio and Rondo in A major for violin. I was most impressed with the cellist (here again I must apologize for not knowing her name, or the selection she played--I fear I have a deaf ear for French accents). This artist displayed great technical facility as well as musical understanding. Complete control, a rich dark sound, and a gift for musical expression are her trademarks. Though she appeared last on the program one would have to consider this dessert an entree of note.

The only serving I did not relish was Charpentier's Symphonie Sacra, for Easter Day. This composition opens with

Henderson and his wife, Pat, also a graduate of WTSU have been in Germany for 14 months.

a meandering string sound offering little to grasp and as it continues your desire to find a musical idea to hang on to fades with your interest.

This was most enjoyable concert presented by a fine group of musicians. I sincerely hope the Community Concert Association continues to bring us programs of this calibre.

UIL Music Contests Set Here

The University Interscholastic League Vocal Solo and Ensemble Contests are expected to bring many area high school students to the West Texas State University campus Saturday.

McMeans, minister of music at Richardson; Corinne Dick, Coffeyville Junior High School; Jane Snow, University of New Mexico; Dale Houston, Denton; Ross Hise, Sul Ross College; Mrs. George Flood, MacArthur High School; and C. M. Shearer, Plainview High School.

Ratings for the contestants will be posted in the lobby of the FAB and comment sheets and awards will be available to teachers or administrators in the music office, which will serve as contest headquarters, shortly after all the ratings for any school have been posted.

Teachers, Take Note

Three Thefts Are Reported

A Muntz stereo-car tape recorder was reported stolen from the automobile of Donald Breitling, 2605 7th Avenue, Feb. 14, according to L. D. Caldwell, Canyon chief of police.

He said the tape recorder was taken during the night, and was priced from the dash of Breitling's automobile. Value of the unit was set at \$175, Caldwell said. Also taken was about ten stereo tapes and a carrying case for the unit.

Also reported missing this week was a portable transistor radio Sunday from the automobile of Charles Smyrl. The automobile was parked at Taylor and Sons, where Smyrl is employed as a clerk. No value was set on the radio.

A girls' dress, valued at \$3.98, and a teething spoon, valued at \$1.50 was taken from

the automobile of Mrs. Lon Fanning Monday, also at Taylor and Sons.

Officers are investigating the incidents, Caldwell said.

This is my second Frigidaire Washer. The first I used for 8 years. I thought it was terrific, but this New Jet Action Frigidaire really delivers cleaning power. The small problem that I experienced before with tangling is gone. My matching dryer simply makes wash day seem nothing anymore. My wash and wear clothes come out so nice. I could recommend Frigidaire to anyone.
